This tyranny in Canada is so disturbing. Trudeau and anyone who voted to continue his tyrannical power should be voted out of office.

Richard D Halas (@RichardHalas): The tyrannical actions of the self-absorbed dictator 🇨🇦 of Canada are repugnant. The silence from the Democrats & the dirty slimy MSM is frightening

The authoritarian actions and threats to freedom we have witnessed in Canada and the vaccine mandates being pushed by the Biden administration demonstrate just how critical the need for a conservative majority is in Congress to protect our Constitution.

Canada has implemented red flag laws for bank accounts. Accused anonymously, property seized, due process later (if ever)... Authoritarians around the world look on with envy. Only one remedy: #DefendFreedom. <https://t.co/5hLsFTWU6T>

I'm proud of the Canadian truckers and how they are attempting to assert their right to liberty and freedom. We could use some more truckers in the United States of America. And I suggest we give or offer them all political asylum. <https://t.co/wu8xryLKID>

Rep. Brian Babin (R-TX-36)

Trucking moves > 70% of all freight in the U.S.

@POTUS' vax requirement on truck drivers crossing the northern border will have disastrous consequences on American commerce.

I'm urging that Biden lift this absurd mandate and actually work to improve his supply chain crisis. (+ photo of House letter)
